CubelQ Announces a Self-Service Card Instant Issuance Solution

[EN] Athens, GR, January 13th, 2021 - **CubelQ Limited**, an IT company provider of software solutions and systems for financial, banking and corporate institutions, announces a **Self-Service Card Instant Issuance Solution**.

CubelQ has developed and deployed the first in the region self-service card instant issuance solution for membership and loyalty cards.

The solution is consisted of a **CubelQ's** designed **kiosk** in which the **HID DTC4500** Plastic Card Printer is integrated to **CubelQ's CiiA Fleet™**, instant issuance software application.

Card instant issuance software application validates customer data entry, communicates with the central database membership & loyalty system and drives HID DTC4500 to personalize the plastic card. Different plastic cards can be used and instant issuance software application decides which card to deliver based in the membership status and a number of other variables, thanks to the dual input hopper capability of HID DTC4500.

From data entry completion takes less than 60 seconds to deliver a personalized card.
