FIS would like to inform you that the **Sectoral Sanctions Identifications List (SSI) information** is not part of OFAC's SDN lists, and therefore, was not distributed because there was no specific list for it.

FIS, after reviewing this data, will be adding **Sectoral Sanctions Identifications List** to our **Specials List** and will distribute it with the next OFAC update distribution. However, we cannot, inform you when the next OFAC distribution will occur as this is totally dependent upon the US Treasury decision.
