<b>Contact</b>	Your Client Service or Relationship Manager

FIS is pleased to announce that Prime Compliance Suite Version 10 is now available. Version 10 is a compilation of functional, security, and usability improvements that furthers our commitment to quality, security, usability and performance improvements for Prime Compliance Suite.

Key features in this release include:

- License Key Requirement for Installation and Upgrade
- OFAC Highlighting Enhancements
- 16 New Management Reports (14 BSA and 2 Security)
- Enhanced Prime Daily Load Report
- Customer Merge Utility
- Security Enhancements, including NPI Data Masking

To obtain Prime Compliance Suite Version 10, please contact your Client Service or Relationship Manager or our Support Help Desk via e-mail at: [sw.support@cubeiq.gr](mailto:sw.support@cubeiq.gr).
