

## News Release

### CubelQ Announces the Launch of its New Web Site

**Athens, GR, June 24, 2008 - CubelQ Limited**, an IT company provider of software solutions and systems for financial and corporate institutions, today announces the launch of its newly designed web site.

The new web site, with several new features, upgraded functionality, smooth and relaxing layout and updated content targets mainly audience from the banking and financial industry. The entirely new look of the web site aims to demonstrate CubelQ's innovative solutions, third party software applications, machines and terminal devices to the broader banking and financial industry public of South East Europe.

The web site also provides the most current information available on industry regulations, specifications and standards through direct links to the corresponding publishers or copyright owners, together with industry news and technology trends and a series of related themes such as best practices and operational procedures.
