

News Release

CubelQ Announces the Launch of **eps™** a New Product Group Web Site

Athens, GR, **February 3, 2009** - **CubelQ Limited**, an IT company provider of software solutions and systems for financial, banking and corporate institutions, today announces the launch of **eps™** a new product group web site.

eps™ and **eps::CubelQ™**, are the commercial names of a **new vertical spin-off unit** of CubelQ Ltd. The new web site presents **eps™** specialization in the **electronic payment** and **transaction processing** software applications, systems and solutions. With smooth and relaxing layout and updated content targets mainly audience from the banking and financial industry, independent service providers - ISPs, transaction processors and large retailers.

The presentation of electronic payment and transaction processing products and solutions to a separated new web site aims to demonstrate to the electronic payment and transaction processing industry public of South East Europe, CubelQ's business focus on the specific market and to present CubelQ's technological superiority, products diversification, and products feature richness and capabilities. **eps™** web site also provides the most current information available on industry regulations, specifications and standards through direct links to the corresponding publishers or copyright owners, together with industry news and technology trends and a series of related themes such as best practices and operational procedures.
