CubelQ Announces the Launch of rdc@CubelQ™ a New Product Group Web Site

Athens, GR, **March 2, 2009** - **CubelQ Limited**, an IT company provider of software solutions and systems for financial, banking and corporate institutions, today announces the launch of **rdc::CubelQ™** a new product group web site.

rdc@CubelQ™ and **remote data capture@CubelQ™**, are the commercial names of a **new vertical spin-off unit** of CubelQ Ltd. The new web site presents products, systems and solutions related to **remote data capture technologies**. The language of the site is Greek as is currently addressing the Greek and Cypriot markets. In the next months, a web site in English will be presented, exposing its contents to the South East Europe and Near Middle East audiences and markets.

The main remote data capture solution presented in the site is **SkaiForms™**. **SkaiForms™** has been designed and its core has been developed and evolving by our partner **aibis® Informationssysteme GmbH**. CubelQ has developed a number of enterprise remote data capture applications based on **SkaiForms™** core technology.
